

Simulation - JumpStart

Simulation – JumpStart

Are you looking to enhance your skills as a healthcare simulation instructor? Join us for our one-day Simulation JumpStart course.

Led by experienced simulation educators, this course will provide you with an introduction to the skills and knowledge needed to effectively design, deliver, and debrief simulation-based learning experiences. Through a combination of interactive lectures and a mentor-facilitated workshop, you will gain experience in how to plan, deliver and debrief realistic clinical scenarios. Whether you are new to simulation-based education or looking to enhance your existing skills, this course will help you become a more effective simulation educator.

Don't miss out on this valuable opportunity – register now for an upcoming course.

Feedback from previous participants

“I enjoyed gaining experience in both running and participating in a simulation session ... it provided great insight being a provider and receiver of simulation training and this will inform future simulation sessions which I will deliver.”

“This course has provided me with a solid foundation to deliver simulations and facilitate a safe, effective debrief. I now feel more confident to deliver simulation-based learning in my workplace.”

“Experienced and knowledgeable faculty who provide encouragement, support and constructive feedback throughout the day.”

Course dates

- Friday, 3rd May 2024
- Friday, 19th July 2024
- Friday 6th December 2024

Course pricing

- CAHS Medical: \$280
- CAHS Nursing: \$160
- Non-CAHS Medical: \$350
- Non-CAHS Nursing: \$200
